

**Congratulations to Brooke Durland, MD
Rochester Institute of Technology**

Congratulations to Brooke Durland, MD, from Rochester Institute of Technology. Brooke was honored at the 2010 ACHA Annual Meeting when she became an ACHA Fellow. This honor is reserved for members who have made significant contributions to college health on their campus, in their affiliate (NYSCHA), and in ACHA. We are pleased Brooke's contributions have been acknowledged in this way. Brooke has consistently demonstrated high levels of dedication and energy to her career and to the students she has worked with during her 21 years in college health. Her involvement in college health, from clinical practice to affiliate and national participation, reflects a professional who is committed to students and their well-being and to maintaining the efforts of ACHA as a professional college health organization on all levels. Brooke presented many times at ACHA and NYSCHA annual meetings and has given an enormous amount of her time to ACHA as a volunteer leader; she has served as a member of the ACHA Nominating and Continuing Medical Education Committees, as the Region V Representative to the ACHA Board of Directors, and as secretary of the Clinical Medicine Section. She received the NYSCHA Clifford B. Reifler Award in recognition of her contributions and her enthusiasm for college health.

ACHA Fellow

ACHA Fellows preserve the history and perpetuate the best traditions of college health and ACHA. Because of the fellows' experience and achievements, they serve as resources to others and help establish exceptional standards in college health.
